Delhi Board Class 12 Exam 2027 – Pattern at a Glance

Board	Delhi's schools are overwhelmingly CBSE-affiliated — there is no separate Delhi state board conducting Class 12 exams. This test series covers Physics, Chemistry, Biology, Mathematics, English, Accountancy and Economics as per the current CBSE curriculum.
Marks	Physics, Chemistry and Biology: 70 marks Theory + 30 marks Practical = 100. Mathematics and English: 80 marks Theory + 20 marks Internal Assessment = 100. Accountancy and Economics: 80 marks Theory + 20 marks Project = 100.
Curriculum	All subjects follow the current NCERT/CBSE Class 12 curriculum used nationally. Economics here covers both Introductory Macroeconomics and Indian Economic Development, matching the standard CBSE Commerce-stream paper.

Delhi does not have its own independent school-board curriculum for the mainstream Class 10/12 board exams — the vast majority of Delhi schools (government and private) are affiliated to CBSE. A separate Delhi Board of School Education (DBSE) existed briefly (2021–2025) for a small number of specialised government schools, but it has since been discontinued and those schools are being moved back to CBSE. Delhi's Directorate of Education also runs non-examined enrichment programs (e.g. the Happiness Curriculum) alongside the regular syllabus, but these do not form part of the board-exam curriculum. Pattern and syllabus details below are therefore compiled from the official CBSE curriculum for the 2026-27 session (cbseacademic.nic.in), cross-checked against multiple independent syllabus-reference sources. Please cross-check exact chapter-level detail against the current-year official CBSE circular before final print, since CBSE periodically trims or rationalises individual chapters.
