GSEB Class 10 Board Exam 2027 – Pattern at a Glance

Board and medium	GSEB (Gujarat Secondary and Higher Secondary Education Board) conducts the Std 10 (SSC) Board Examination, generally held in February–March; the 2026 cycle ran late Feb to mid-March. The official 2027 date sheet is expected around December 2026 and had not been released at the time of writing.
Marks	Each subject: 80 marks written theory + 20 marks internal assessment. Minimum passing marks: 33% per subject.
Question types	A mix of objective (MCQ) and descriptive questions. Recent GSEB pattern reforms have raised objective weightage to around 30% of the written paper, with the remainder in short- and long-answer format.
Curriculum	Mathematics and Science follow NCERT-aligned (GCERT-translated) textbooks. Social Science continues to follow GSEB's own state curriculum, which is materially different from the NCERT/CBSE Social Science syllabus — see the Social Science section below.

Pattern and syllabus details are compiled from publicly available secondary sources (GCERT/GSEB-aligned aggregator sites), since the official GSEB website (gseb.org) functions mainly as a results/services portal and does not host a browsable syllabus section from this environment; the board's official 2026-27 circulars and 2027 date sheet had not been released/located at the time of writing. Please cross-check this content with your subject faculty before final print — the Social Science (Std 10) and Economics (Std 12) chapter lists in particular carry lower confidence (see notes below).
