How does the Gradehunt Mentoring Program work?

- Gradehunt Mentoring Program is a specialized program designed by experts which guides students pursuing the **Maharashtra State Board (HSC) Exams 2027**.
- Daily Targets are provided to the students which they need to cover along with their schooling. If a student is doing self-study, the mentoring is provided accordingly.
- A team of subject wise experts will guide the students, in which each subject will have a different expert or one expert will handle more than 1 subject.
- A student will be provided with a daily target on the Gradehunt Series Mobile App or on the Website Portal. This daily target will be of 3-4 hours. In case students miss the daily target due to some outside work or emergency, there will be a gap of half day after each consecutive 4th day.
- There will be a written Test after particular chapters are covered which will be 2 to 3 times in a week. It will be a chapter wise test of 60 to 90 minutes. The schedule for the Test Papers will also be provided along with the Mentorship.
- There will be an option to raise your doubts and get a reply from experts; you can raise your queries on the query portal and get a reply within 24 working hours.
- A 45-day study planner will guide your final preparation, using ABC Analysis (topics categorised A/B/C by importance) so that you know how much time each chapter deserves.
- Time management guidance is provided so that you can score better in the exam.

“Small tests, big gains” — finish every chapter, fix errors early, and walk into the **2027 board exams** fully exam-trained.
